

Centerm Chromebook

PROFILE

When K12 students and teacher have access to the innovative technology, they are empowered through discovery. Centerm come up with competitive Chromebook device and services, indeed deliver that to education sector, so students and lecturers can enjoy the smarter and faster learning experiences wherever learning happens

COMMITMENT FROM CHROME BOOK

More secure and safer learning environment

Get industry-leading education technology and enterprise-grade security that helps ensure every school, classroom, and student remains safe.

Help students to guide how to learn best

Accessibility tools that are easy to find, set, and use mean every student can get individualized support and have an equitable learning experience.

Building education technology

Built on the world's greenest cloud, Google for Education contributes to future commitments such as Google becoming carbon-free by 2030.

Powering student potential

Amplify educator impact and make learning more personal with secure and scalable adaptive learning technology and tools for all of your students.

Connecting families and educators

Strengthen the connection between educators, families, and students –and enhance learning – with secure, integrated, easy-to-use tools and resources.

Helping communities provide equitable access to learning

Provide everyone with access to current, innovative learning materials anytime, anywhere with cloud-based tools that work even with poor connections or in remote locations.

SCENARIO

SPECIFICATION

PROCESSOR	
CPU	Intel Jasper-Lake processor N4500
MEMORY	
RAM	4G
STORAGE	
eMMC	32G
OPERATING SYSTEM	
OS	Chrome OS 64bits
NETWORK	
Wi Fi	AX 201 Wi-Fi 6+Blue tooth 5.2
I/O INTERFACE	
USB A	USB 3.0 Gen1 *2
Type-C	Gen 1 * 2 with PD function
Camera	1M camera integrated with LED indicator, rotational camera
AUDIO	
Ports	3.5mm 2-in-1 Combo jack HD Audio with Wave RT supported Single digital microphone with integrated camera
Microphone	Digital with integrated camera
PANEL	
Dimension (mm)	290.36* 198.64* 20.3
Screen	11.0" ,1366 x768, 16:9/HD
Touch Pad	Yes
Card reader	2 in 1: uSD socket, SD/MMC, push-push type
Weight	1.29kg
BATTERY	
Voltage	6000mAh 2 cells battery pack (47.3Wh,2S1P , polymer)
POWER	
Adapter	45W Type-c PD

OPTIONAL

RAM	8G
eMMC	64G
